For the uninitiated, online blackjack vs live blackjack can be a little bit confusing

using, but it's actually pretty simple once explained.

61% house edge Dealer can hit on a soft 17 instead of standing - +0.

- +0.

In general, the more unlikely an event is, the higher the odds for it happening on that particular bet.

It's the same odds and payout if you bet on heads.

The probability of getting an ace then a 10 is  $1/7$  multiplied but  $16/27$ , which equals  $16/189$ .

That is a very short answer, but it's the truth.

36%.

What counts as a 'fake' review?

6 ways to spot a fake Google review (& what to do about it)

Think you've been victim of a fake review on Google? Check it against some of

the following tell-tale signs to know for sure.

What to do:

Whilst the appearance of a reviewer's avatar may provide additional evidence

for reviews you already suspect may be fake, they should not be relied on. Follow

some of the other steps first before making assumptions.

This is extremely useful.

After all, how many of us have room for 5 breakfasts, 4 lunches, 2 dinners, 3 trips

to the salon and 2 hotel stays in a week? Not us, at least.

What to do if Google doesn't remove a fake review

Where Is Sports Betting Legal?

is technically a sole-source operator jurisdiction.

Kentucky came extremely close to legalizing sports betting in 2022, though an effort

to give racetracks control over retail and online markets fell short at the

last minute.

A robust market would be a difficult task in a state with only three tribal casinos

and no lottery to run online betting.

2024-2025 Possible, But Unlikely

South Carolina's flirted with legal sports betting but has been unable to pass

a bill.

without any major legal gaming.
