Props - short for proposition bets - can be any wager that's not a standard point spread, moneyline or total.

Are you more successful betting on the NFL or NBA? Do you thrive when taking player props or over/unders? These are all a good thing to know, and it can allow you to maximize your winnings.

What are fake streams?

Fake streams are considered a form of a fraud and artists that receive them risk getting banned or having their tracks taken down.

Yes-you can use Google and Facebook ads to promote your music and get streams if you wish. That kind of music promotion doesn't go against Spotify's service terms.

These services work with all streaming platforms to get your music live on their platforms.

While playlisting is an excellent opportunity to access new audiences and get your music heard, you should never directly pay money to get on a playlist.

Don't give any time or attention to anyone offering you a chance to boost your streams in exchange for a payment that will give you access to certain playlists.

It racked up many streams, with payments going to a user that wasn't Rihanna, before being taken down by Spotify and Apple Music.
