Keep in mind that there are pros and cons to using this baccarat betting strate

gy.

If you lose this bet as well, you proceed to the next number in the sequence, 3

, and bet \$3.

But if you lose, you add the amount of your previous bet to the end of the sequ

ence, transforming it into 1, 2, 3, 4.

Prolonged losing streaks can lead to rapidly escalating bets, resulting in sign

ificant financial losses.

Moreover, many casinos impose table limits, restricting the ability to double be

ts indefinitely, so a small bankroll might not endure an extended period of cons

ecutive losses.

It's mainly a game of chance.

If your starting bankroll is, for example, \$500, then you should figure out wha

t amount of profit you would be happy to walk away from the table with.

If after five sessions you have not had one winning one, it is probably time to

try something else.
