How to Make Money Self-publishing

Higher royalty rates

Say you have a \$20,000 advance and a 10% royalty rate. If your book sells at \$11.99, you'll need to sell 1,668 books before you start earning royalties. And

when you start earning, you'll get \$1.19 per copy.

Full autonomy over your business

Marketing a book involves a lot of things so you'll need a guide to ensure that you and your team are on track and you're not leaving any important things out.

Designing and setting up social media and PPC ads

This entire process usually takes 3-6 months for self-publishers, but you should leave some wiggle room in your schedule just in case something doesn't go exactly according to plan.
