Like how Amazon's FBA program streamlined the opportunity to create your own

full-scale online business, Kindle Direct Publishing, or KDP, works similarly for

creators to publish and own their own work without many of the roadblocks associated

with traditional publishing houses.

What is Kindle Direct Publishing?

Children's Books

Novels

Poetry

At the most basic level, the KDP structure rewards success. If you write the next smash, you can earn royalties well over \$1,000 monthly. Most authors earn anywhere from \$0 to \$500 monthly for their work, which is completely up to the popularity of the created content.

While extremely rare, it can also be rewarding to own the rights to your work, an option that isn't always the case when submitting work to a publishing house.

For example, author E.L. James wrote the best-selling novel Fifty Shades of

Grey and actually self-published using KDP.
